ESV Group plc

Interim Results for the six month period from 1 April 2007 to 30 September 2007

ESV Group Plc ("ESV" or "the Company" or "the Group"), the biofuel farming and logistics company announces its unaudited interim figures for the six month period from 1 April 2007 to 30 September 2007.

CHAIRMAN'S REVIEW

Mozambique

The Group continues to make satisfactory progress. At 30 September 2007, the cleared land was 5,350 hectares and the planted land was 1,650 hectares. It is currently acknowledged that ESV has the biggest single plantation of Jatropha in Africa, with full support of the Mozambique Government. The project is in the process of seeking UN approval to receive Carbon Credits under the Kyoto process.

In addition to the current 11,000 hectare property, ESV has received an option on a further 60,000 hectares of land.

Ukraine

We are pleased to report that the terminal in Kherson continues to receive cargo, mainly in transit from Kazakhstan, as there are export curbs in Ukraine. The curbs are expected to be lifted in early 2008 when the Company expects to increase the cargo handling in the Kherson Port terminal, and also commence export of grain and seeds from the 12,000 hectare farm in Poltava region.

Holland - Terneuzen

Detailed planning is in progress to build the terminal for reception of raw vegetable oils. This development will enable ESV to deliver vegetable oil cargo to European biodiesel refineries.

Summary

ESV is planning substantial expansion in:

- \* Biofuel farming capacity in Mozambique and Ukraine; and
- \* Logistics to expand the present port facilities and introduce a floating crane in Ukraine and build the terminal in Terneuzen.

The Company continues to seek strategic partners and has initiated fund raising to fulfill its objectives.

Results for the period

Revenue received from a Ukraine trade amounted to GBP625,582 (2006: GBP422,774). The costs for the period amounted to GBP255,061 (2006: GBP188,933) which include business development costs. Shares were issued during the period for a consideration of GBP184,535 (2006: GBP100,871) to fund the activities.

The comparative figures for 2006 are for the first period from incorporation on 10 March 2006 to 30 September 2006.

The Directors believe ESV has continued to make satisfactory progress during the period under review.
